

Ever wonder why your Schulich Annual Fund gift matters?

Please read below and join me in supporting our School

Bill Graham (MBA '86), President, Schulich Global Alumni Network

1 | Every donation makes an impact for our students.

Participation is critical. Every donation does make an impact for our students, plus you immediately join an international community of alumni donors who are part of a proud Schulich tradition of giving back.

Schulich Pride!

2 | It has fast and real impact.

All donations toward the Schulich Annual Fund go immediately to the School's Highest Priorities or to Student Financial Aid and are used right away to enhance our students' learning experience.

Efficient!

3 | Every donation drives our global recognition.

How is alumni satisfaction calculated? You guessed it! Alumni giving participation is a major component of ranking surveys and will help with the success of global rankings to increase the value of your degree.

Global Recognition!

4 | Supporting next-generation talent is exciting.

In our 2017-2018 academic year, Annual Fund supporters helped deliver incredible real-world learning opportunities. For example, in addition to supporting student participation in a host of case competitions, in January the Annual Fund helped Schulich students bring home the MBA Games Queen's Cup, beating 600 graduates from across the country. **Amazing!**

At the MBA Games, Schulich competed against:

600 MBA graduates | **17** Business schools across Canada

5 | Doing good feels good!

Giving back through the Annual Fund simply feels good as it nurtures our next generation of talent, fosters Schulich pride and also provides you with tax incentives.

Congratulations!

Thank you for your support.

We couldn't respond to critical needs and capitalize on new opportunities without you! I look forward to your participation in 2018.
